Gangneung

Population 208,939
♂ 103,479 ♀ 105,321

Area 1,041 km²
Population Density 201 / km²

Gangneung is a mid-sized city on the eastern coast of Korea with scenic views of the mountains to the west and the ocean to the east. Over 200-thousand people are proud to call it home, and we have a rich culture, vibrant economy, and smart infrastructures that make Gangneung a compact and well-connected city.

Transport From/To

**BEYOND
MOBILITY
CONNECTED
WORLD**
19 ~ 23 OCT 2026

ITS WC 2026

Period
OCT 19~23 2026

Location
Gangneung Olympic Park, Gangneung City, KOREA

Ours is a shared vision for the future of mobility for simpler and more convenient journeys, for the ultimate freedom of movement, with innovative technologies serving every domain of our society so we can reach the unreachable and keep our loved ones safe.

It's about a freedom to go wherever and whenever your heart desires, for journeys beyond your wildest imagine, to explore those endless opportunities and possibilities in this whole new world of mobility.

So come, imagine and experience the future of transport systems through technology, for humanity, of infinite possibilities.

VDS

Collect traffic information with LIDAR

Emergency Vehicle Priority System

Smart Crosswalk System

ITS Infrastructure

Gangneung has 110km of roads equipped with features like smart intersections, priority traffic signals for emergency vehicles, smart crosswalks for pedestrians, smart busstop, parking systems, and trials runs of autonomous driving cars.

The average response time for emergency vehicles has been reduced from 13 min to 5 min, and the average speed of vehicles on major roads in Gangneung has increased from 20km/h to 26km/h (2023 data)

Future Mobility – Autonomous Driving Car

Gangneung is a leading city for the future mobility. With the full support of the Korean government, there are five approved autonomous driving routes, connected to Gangneung Station, tourist attractions, hotel near the beach and remote area

Line	Length	Company	Type
5	58.8 km	3	3
A	9.8 km	SUM	Van
B	3 km	LOTTE D&C	Shuttle
C	10 km	SUM	Van
D	23 km	Local Transportation Company	BUS
E	13 km	Local Transportation Company	BUS
