# Coordinating Minister of Infrastructure and Regional Development as ITS Patron

## Key Highlights:

ITS Indonesia formally requested Minister Agus Harimurti Yudhoyono to become a part of the chair of Board of Patrons.

The Minister has committed to support Indonesia International Transport Summit (November 2025)

ODOL 2026 Target: supporting goal of achieving Zero Over-Dimension Over-Load (ODOL) by 2026.

Regulatory Framework Acceleration – Regulation Regarding Integration of ITS

# Regulatory Framework of ITS Indonesia by the Coordinating Ministry of Infrastructure and Regional Development

## Under the Ministry of Transport

- Functions of ITS can only be implemented properly with coordination between :
  - MoT (**Management**)
  - Ministry of Public Works (**Road Infrastructure**)
  - Ministry of Communications and Digital (**Technology Standard**)
  - National Traffic Police (**Enforcement**)
- ITS Regulation issued by Ministry of Transport (MoT) only covers the management aspects of ITS (**Permenhub 76/2021**)
- Need additional regulation to coordinate other aspects of ITS
- Case study on disintegrated Coordination: Truck ODOL Monitoring
